

ASC Region 8 International Student Competition

Design-Build Track

SUBMISSION GUIDELINES

Submission Requirements:

Participants are required to provide a detailed submission that addresses the tasks identified in the relevant documents. Illustrations and diagrams are essential, particularly for architectural design and project scheduling. Ensure each section is well-researched, detailed, and presents a cohesive solution. All submissions **MUST** be in PDF format.

Submission Deadline:

The deadline for submitting your prework package is **8 November by 17:00**. Late submissions will not be considered, so ensure timely delivery.

To submit your work, kindly upload your submissions to the designated OneDrive Folder that has been customarily created for each group. You will receive an email containing the necessary links to access and use these folders for your convenience, shortly.

Submission Checklist:

- Submission comprehensively addresses all tasks.
- Required drawings, illustrations, and diagrams are included and are clear.
- Entire submission is in PDF format.
- Textual content is concise, clear, and well-researched.
- All visual content is legible and of high quality.

Note: It's imperative to ensure that all tasks are approached methodically, and the necessary visuals are incorporated. This will not only provide clarity to your solutions but also enhance the comprehensiveness of your submission.

Best of luck!
